Data in this report have been extracted from Summary Tape Files 1 (complete-count data) and 3 (sample data). Total population is complete-count data. All other data are sample estimates and may differ from complete-count totals due to sample weighting methods. Sample data are subject to sampling variability.

- * Percent **Commuters** is the percent of workers 16+ years who worked outside their resident county.
- * Percent **High School Graduate** includes persons who have completed some college or a college degree.
- * Percent **"Fem w/Kids-LABF"** is the labor force participation for females 16+ years with children under 18.
- * **"Nonworker/Worker"** is the ratio of the number of non-workers to every 100 workers.
- * Percent **Below Poverty** is the percent of persons for whom poverty status is determined with income below poverty level.
- * **FIRE** refers to Finance, Insurance and Real Estate, under Industry.
- * **Household Income** refers to the total income received in 1989 by persons aged 15+ years in households. Census data on income do not include "in-kind" payments such as food stamps or medical care.
